GENERAL INFORMATION:

THE UNITED ARAB EMIRATES:

UAE is consisting of seven emirates: Abu Dhabi, Dubai, Sharjah, Ras Al Khaimah, Ajman, Umm Al Quwain and Fujairah. Four-fifths of the UAE is desert but has contrasting landscapes—from the towering red dunes of the Liwa to the rich palm-filled Oasis of Al Ain, from the precipitous Hajar Mountains to the more fertile stretches of its coastal plains.

Though small (like the size of Scotland), the UAE has become an important player in regional and international affairs. In 1971, the late President Sheikh Zayed bin Sultan Al Nahyan unified the small, underdeveloped states into a federation—the only one in the Arab world. With his visionary leadership, oil wealth was used to develop the UAE into one of the world's most open and successful economies.

In 2004, His Highness Sheikh Khalifa bin Zayed Al Nahyan became the President and has since continued to strive towards an ambitious vision for the UAE.

DUBAI

Dubai is located on the Eastern coast of the Arabian Peninsula, in the south west corner of the Arabian Gulf. It is extremely well known for its warm hospitality and rich cultural heritage, and the Emirati people are welcoming and generous in their approach to visitors. With year-round sunshine, intriguing deserts, beautiful beaches, luxurious hotels and shopping malls, fascinating heritage attractions and a thriving business community, Dubai receives millions of leisure and business visitors each year from around the world.

Dubai Rulers:

Since 1833 the reigning Al Maktoum family have ruled Dubai. Under their wise and progressive leadership Dubai has prospered and it is now the business and tourism hub for a region.

Dubai History:

Saruq Al-Hadid site is considered one of the most important archaeological discoveries in Dubai and the region, as it offers much of the UAE old past, especially during the Iron and Bronze Ages ,which confirms that the UAE civilization extends to 5 thousand years.

Dubai Economy:

The past few decades have witnessed incredible growth throughout all sectors of the Dubai economy. The emirate's government is constantly working to improve its commercial transparency and introduce dynamic regulations that aid the formation of small and medium enterprises. Dubai's economy is no longer reliant on oil, but is more diversified, relying heavily on trade, services and finance sectors. With its central geographic location between Asian and European markets, Dubai has worked hard to establish itself as an integral part of the global trade mechanism. Its central location has also allowed Dubai to become a popular and accessible tourist destination.

GENERAL INFORMATION:

Weather:

Dubai has a tropical desert climate because of its location within the Northern desert belt. Summers are extremely hot and humid, with an average high around 41 °C (106 °F) and overnight lows around 30 °C (86 °F). Most days are sunny throughout the year. Winters are warm and short with an average high of 23 °C (73 °F) and overnight lows of 14 °C (57 °F). Precipitation, however, has been increasing in the last few decades with accumulated rain reaching 150 mm (5.91 in) per year. The weather in Dubai can bring short and irregular rainfall as is typical for the Middle East. Most of the rainfall occurs in the December to March period. The weather between December and March remains warm and is the most comfortable climatic conditions of the year.

Currency:

The local currency is the dirham, which is pegged at AED 3.67 to 1 US dollar. Dubai is tolerant and cosmopolitan, and all visitors are welcome. However, Islam is a way of life in

the city, and therefore tourists should adopt a certain level of cultural and religious sensitivity for the duration of their stay.

ELECTRICITY AND POWER SOCKETS IN THE UAE:

In the United Arab Emirates, the standard voltage is 240-220 V. The standard frequency is 50 Hz. The power sockets that are used are of type G. Find pictures of these power sockets and corresponding plugs.

TRANSPORTATION IN DUBAI:

Dubai is one of the fastest growing cities in today's world, making the provision of high-quality infrastructure facilities absolutely imperative, and since providing an advanced transport network for the people of Dubai has been high on the government's agenda, which is evident from its initiatives to enhance the public transport facilities and improve roads across the emirate to make travel safer and smoother, the Roads and Transport Authority (RTA) was formed by the decree number 17 for the year 2005, The tourist can enjoy his staying in Dubai with varieties of transportation, "Roads, Taxis, Metro, Bus, Trams, Ports and water travel, Air travel and see".

Dubai International Airport

Dubai International Airport is the primary international airport serving Dubai, United Arab Emirates and is the world's busiest airport by international passenger traffic. It is also the fifth-busiest airport in the world by passenger traffic, and the

Sixth-busiest cargo airport in world. The airport has a total capacity of 90 million passengers annually. As of January 2016, there are over 7,700 weekly flights operated by 140 airlines to over 270 destinations across all inhabited continents

Road

D 89 leading to Dubai Airport

The airport is connected by the road D 89. One of the longest intra-city roads, D 89 begins at the Deira Corniche and runs perpendicular to D 85 (Baniyas Road). From Deira, the road progresses south-eastward towards Dubai International Airport, intersecting with E 311 (Emirates Road) past the airport. A road tunnel underneath one of the runways, was built in 2003.

Metro - Dubai Metro

Metro Dubai is accessible for the people of Determination, there are only two metro stations between the event Hotels and the venues.

The airport is served by Dubai Metro, which operates two lines through or near the airport.

The Red Line has a station at each of Terminal 3 and Terminal 1. Services run between 6 am and 11 pm every day except Friday, when they run between 1 pm and midnight. These timings differ during the Islamic holy month of Ramadan. The stations are located in front of both terminals and can be accessed directly from the arrivals areas.

The Green Line has at a station near the Airport Free Zone, from which passengers can connect to Terminal 2.

Bus

Dubai Buses operated by RTA run a number of routes to the city but mainly Deira and are available at the Airport Ground Transportation centre and the Arrivals at every terminal.

Passengers who need to transfer between Terminals 1 and 3, and Terminal 2 can use the inter-terminal shuttle bus service which operates frequently

Bus stations are situated opposite both Terminal 1, 2 and 3. Local buses 4, 11, 15, 33 and 44 can be used to connect with Terminal 1 and 3, while bus 2 connects

with Terminal 2. Dubai International Airport Buses provide air-conditioned transport into the city centre and over 80 hotels in the city.

Emirates offers a complimentary coach service, which operates three daily services to and from Al Ain, and four daily, to and from Abu Dhabi.

Taxi

The airport is served by the Government owned Dubai Taxi Agency, which provides 24-hour service at the arrivals in every terminal.
